

NGO - PEACE & KINDNESS IN ACTION

MISSION STATEMENT

Peace & Kindness in Action's humanitarian mission is to aid individuals, schools, communities, and cities to act for the planet and to build a world in harmonious support of the young and future generations by:

- Implementing peace and kindness through our International Peace Trees Program
- Involving youth to actively contribute toward building their future
- Supporting children in their ideas, innovative expressions, and creative actions to build a new world that experiences concrete peace and kindness, in harmony with nature

Peace & Kindness in Action is a Non-Governmental Organization that helps communities in the world to support their youth:

- By teaching young people efficient skills to face and succeed in their future
- By giving them the opportunity to contribute and undertake innovative actions for the 5 Pillars of the UN Sustainable Development Goals
- By supporting them in the realization and valorization of these actions

Through our proven research, training, and professional support, we help the emergence of a collective intelligence of the heart and the expression of everyone's highest potential to benefit youth and the entire planet.

Our NGO uses the Tree as a living symbol of peace, balance, reconciliation, unity, abundance, and solidarity.

Natural Forests are our operational model, through The Peace Tree connection, inspiring efficient mutual support and cooperation.

It allows the natural experience of collective greatness, in which each beautiful soul is included as important and contributes, by its unique talents, to the success and well-being of all. Like "Mother Trees" in the forests, Peace Trees and SDG's trainers and accompanists play a major supporting role.

NGO - PEACE & KINDNESS IN ACTION

MISSION STATEMENT

Today, humanity is at a crucial turning point in its evolution and for that we need the talents and strengths of all to work together effectively to meet the unprecedented global challenges that await young people, future generations, and their planet.

Peace Trees act as caring coaches, connecting humans to each other, to inner peace and their uppermost potential, to move forward with serenity, love, and strength.

Their living wisdom helps us today, on the way toward creating new possibilities of universal heart connection and creative expressions of the highest potentials of our humanity, essential to the joyful fulfillment of all and the planet.
